

# WIRE MANAGEMENT

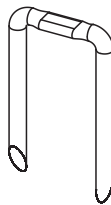

## STAPLES

Cambridge™ Staples are designed to organize 14/2, 12/2, 10/2 cable wires and hold them securely in place. Easily insert the Staples into wood without causing the wood to split. Plastic and Zinc-plated nails resist rust and corrosion caused by extreme weather.

ITEM #	SIZE Inches	AWG	MATERIAL	COLOR	PACKAGING	QTY	CASE QTY
ST12902	1/2	14/2, 12/2, 10/2	Plastic	White	Bag	50	10
ST12994	1/2	14/2, 12/2, 10/2	Metal	Metal	Clamshell	50	6

Cambridge PLASTIC STAPLES feature a plastic insulating cover that prevents damage to wire insulation.

Cambridge METAL STAPLES feature a recessed head which prevents damage to wire insulation. The tips are offset to avoid splitting wood.

### Instructions:

1. Find desired location of cable.
2. Position staple over cable and install with hammer.

**WARNING:** Risk of electrical fire, personal injury or death. Shut off power at source before using this product. Not for use with portable cords. Driving staples more than necessary for a secure hold may result in damage to insulation.
